I am requesting the following improvement(s):

Describe Improvement and Submit 1 copy of this form and any necessary plans:

Start Date of Project _____ Anticipated Date of Completion: _____

I understand that written approval of the Architectural Control Committee must be obtained before I can commence with my project. I understand that the approval by the ACC does not constitute approval of the local building department or any other agency that may require prior approvals. I may also be required to obtain permits, licenses, pay fees, or obtain other professional opinions and/or certifications. I understand approval is contingent on my project being completed within six months, unless otherwise noted on the sheet at the time of the request, and if it is not, a new submittal may be required. I agree to complete improvements in a good and workmanlike manner after receiving approval from the ACC, and understand that I must resubmit my request if modifications to these plans become necessary. If the project is not completed within six months, I will need to resubmit the request.

The following conditions must be met in order for the ACC to review this request:

- 1) All proper applicable permits and/or licenses must be obtained and copies provided to the ACC;**
- 2) Appropriate plans and/or drawings, as well as photographs must be submitted with my request.**
